  - It is very helpful for your puppy if there is a divider that comes with the crate. The crate will be significantly bigger than what they need to start out. The divider helps make the crate smaller. This in turn makes the puppy feel safer

- **Toys**
  - We only recommend puppies/dogs have stuffed toys with squeakers while you have a watchful eye on them. They tend to try and remove the squeaker and then eat the squeaker.
  - We also only recommend Kong brand toys while surprised. Puppies can easily get their tongue or jaw stuck in them.
  - Our dogs love Himalayan Cheese Bones
